📍 Sydney, Australia

Summary

Hi, I'm Sachin — a full-stack developer with 2 years experience building modern web applications using JavaScript, TypeScript, Angular, React.js, and Node.js. I specialize in the MERN stack and have built several full-stack projects using MongoDB as my primary database. I'm also familiar with relational databases like MySQL. With a strong focus on clean architecture, responsive design, and real-world functionality, I enjoy building scalable, user-focused digital products that solve real problems.

Work Experience

Full Stack Developer, Rebb Tech
Sydney, Australia | July 2024 - current

- Engineered full-stack web applications using TypeScript, React, Node.js, TypeScript, Angular and MongoDB/MySQL, improving code reliability and scalability.
- Built responsive and accessible front-end interfaces with TypeScript and React, ensuring optimal performance across devices and browsers.
- Standardized theme development process, which improved consistency and scalability.
- Optimized front-end assets (JS bundles, stylesheets, images) to reduce page load times and improve performance.
- Actively contributed to Scrum ceremonies, including sprint planning, stand-ups, and retrospectives.
- Integrated third-party APIs to expand app functionality and enhance user experience.
- Designed and implemented normalized database schemas, efficiently managing SQL and NoSQL systems.
- Implemented CI/CD pipelines and used Git for version control, ensuring smooth deployment cycles.
- Actively contributed to Scrum ceremonies, including sprint planning, stand-ups, and retrospectives.

Frontend Developer, UX-Qode
Kathmandu, Nepal | Feb 2023 - October 2023

- Developed responsive and visually engaging user interfaces using HTML, CSS, and JavaScript, ensuring cross-device and cross-browser compatibility.
- Translated complex UI/UX designs into fully functional web applications in close collaboration with designers.
- Implemented RESTful APIs to dynamically display and update content across platforms.
- Maintained and enhanced web performance by troubleshooting bugs, optimizing loading speed, and ensuring scalability.
- Contributed to secure and maintainable codebases by following best practices and regularly refactoring components.
- Ensured consistent user experience across devices by testing and debugging for major browsers and platforms.

Education And Training

Dented Code, Sydney
Bootcamp - Software development
Nov 2023 - June 2024

Bachelor in Professional Accounting
Holmes Institute, Sydney
March 2018- Feb 2022

Bachelor in Information and Communication Technology - March 2016 - Incomplete

Technical And Soft Skills

Languages: JavaScript (ES6+), TypeScript, HTML, CSS

Frontend: React, Angular, Redux Toolkit, Tailwind, Bootstrap, Mantine UI

Backend: Node, Express, REST APIs, JWT, Bcrypt, Joi,Cloudinary

Databases: MongoDB, MySQL

Testing: Unit, Integration, System Testing, Jest, Test Driven Development (TDD)

DevOps: Git, GitHub, Docker

Soft Skills: Critical thinking, Time management, Agile collaboration
